

Legg Mason Asia Tilt Enhanced Growth Portfolio

GENERAL PORTFOLIO MANAGER

Legg Mason Global Asset Allocation

ABOUT THE FUND

The Fund seeks to increase capital value through a dominant emphasis on the global equities markets, with a particular emphasis toward Asian equities markets and a small allocation to fixed income securities traded on an official exchange, in a Regulated Market, or recognised market which is open to the public. Such fixed income securities may be either US Dollar or non-US Dollar denominated bonds.

- INVESTMENT INVOLVES RISKS. Past performance is not indicative of future results.
- The Fund may invest up to 100% of its NAV in mortgage related securities, including mortgage-backed securities (MBS) and "To Be Announced" securities (TBAs), which can involve material additional risks, e.g. counterparty default risk, and may expose the Fund to significant losses.
- Investors should read and understand the Fund's most current offering document, including details of risk factors relevant to the Fund and, in particular, the risk of investment in mortgage related securities, before making an investment in the Fund.
- An investment in the Fund may not be suitable for all investors. The investment decision is yours but you should not invest in the Fund unless the intermediary who sells it to you has advised you that it is suitable for you and has explained why, including how buying it would be consistent with your investment objectives.
